

Tristan Tzara was born in  
1896; the son of a  
Goat-Man.

**KAMOG!**

As a child, Art  
hated him.

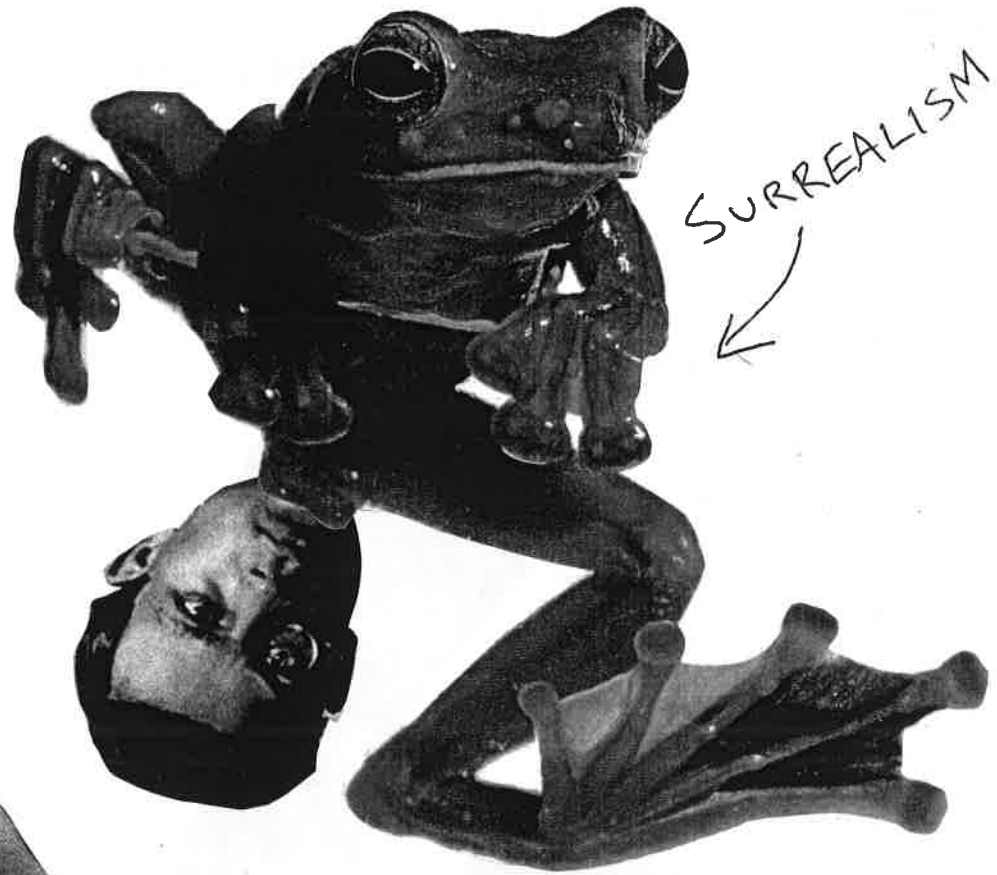

ZAQUM

The feeling  
was mutual.

Then, in 1916, he found  
Dada. They fooled  
around a bit.

Surrealism and he  
did not get along  
so well, but could  
never quite keep apart

Then he briefly turned into  
a giant pez dispenser and  
gave Winston Churchill advice  
on hats.

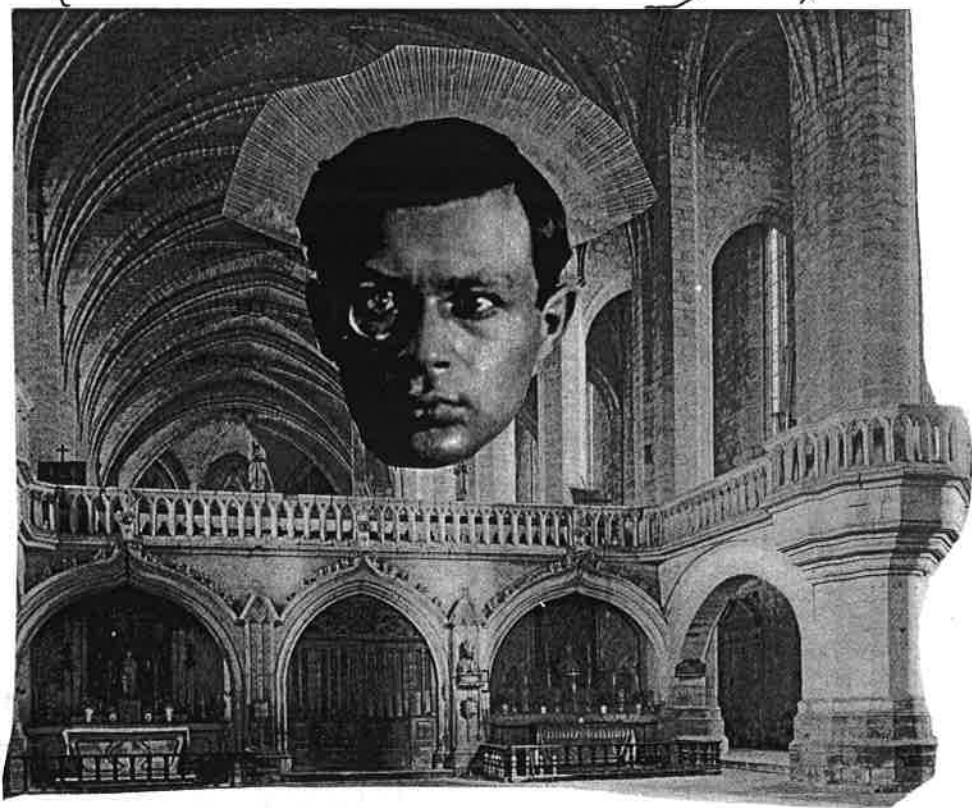

That looks  
terrible!

**KUH!**

It is a little known fact  
that Tzara was briefly  
the Wizard of Oz.

Pay no attention to the  
Approximate Man behind  
the curtain!
